Set time estimates

In this article

[What you'll need](#)

[Set time estimates from a task](#)

[Set time estimates from a view](#)

Add an estimate of how long a task will take! You can add time estimates from tasks and views.

What you'll need

- Time estimates are available on all [ClickUp plans](#).
- Owners or admins will need to [enable the Time Estimates ClickApp](#).
- Setting time estimates per assignee is available on the Business Plan and above.

 Get Help

- Everyone, including [guests](#), can use time estimates if a Workspace owner or admin has given them permission.

Set time estimates from a task

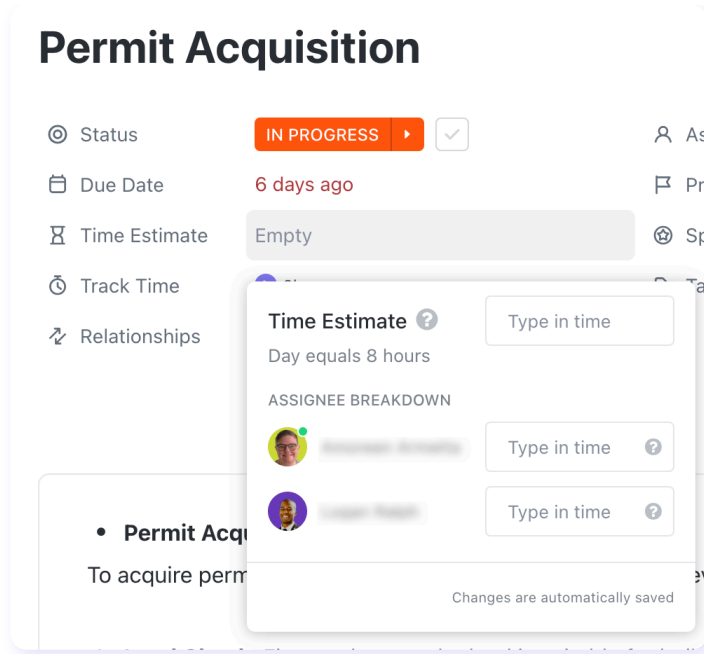

You can add a time estimate from a task:

- Create or open a task.
- Click the **Time Estimate** field.

The screenshot shows a ClickUp task card for 'Permit Acquisition' (ID: ACMEENG-146). The task is in 'IN PROGRESS' status. The 'Time Estimate' field is highlighted with a pink box and contains the word 'Empty'. Other fields include 'Due Date' (Today), 'Track Time' (2h), 'Assignees' (two people), 'Priority' (High), 'Sprint Points' (Empty), and 'Tags' (Empty). The 'Relationships' section shows '1 Task' and '1 Tasks'.

- Enter an amount of time using [natural language](#), for example:
 - 1 hour
 - 1h
 - 30 mins
- Press **Enter** on Windows or **Return** on Mac to confirm your selection.
- The time estimate is added to the task.

When a task is [assigned to multiple people](#), you can split the time estimate between assignees.

Note

Teams cannot be assigned time estimates.

If a task already has a time estimate, you can edit the entry by clicking the estimate and entering a new value.

You can see and set time estimates from the following views:

- [List view](#)
- [Table view](#)
- [Gantt view](#)
- [Team view](#)

To set a time estimate from one of the views listed above:

1. Create or open a view.
2. Make sure [time estimates are visible](#).
3. Click the **time estimate** field next to a task.
4. Enter an amount of time using [natural language](#), for example:

 [Get Help](#)

- 1 hour
- 1h
- 30 mins

5. Press **Enter** on Windows or **Return** on Mac to confirm your selection.
